## Special Acknowledgment

**Patrick Taylor** is officially Ticor's longest-term employee. He got his start with the company back in 1995 and has proudly represented us for **24 years!!** You'd never know it because of his youthful good looks...

We want to say **'thank you'** Patrick for your dedication to the company.

Quite an evolution since the days of being Elton John's *favorite* bartender at Studio 54.

## Ticor Employee of the Month

For over 17 years, **Dee Anna** has been in the Title and Escrow industry. She got her start in 2002 at Beneficial Escrow in Mission Viejo as an Escrow Assistant. As a full-time mom, she decided a career with full benefits would be the smartest choice for her and her two boys ... and are we ever glad she made that decision! She started working here at Ticor with Margo back in 2014.

When Rick says, *"every person counts"* — he truly means it. Without Dee, our front-of-house operations and representation as a company would not be what it is today. As most all of us know, Dee Anna is responsible for accounting, record-keeping, tracking packages and checks, printing-folding and stuffing 'thank you' letters to clients, alerting the entire staff of going's-on inside of the office, greeting each guest, customer, client and employee, answering and directing calls, and basically being 'on' all day long! She is a tireless employee who definitely represents all of us in the best way possible and we're happy she is a part of the team.

Dee Anna has 2 sons who she describes as her biggest supporters in life. They all share a home in Mission Viejo

## Fourth of July

Ticor will be **closed** on Thursday, July 4th to celebrate **Independence Day!** We hope everyone has a fun and safe holiday.

## July Quote of the Month

*"Never give up on a **dream** because of the time it will take to accomplish it. The time will pass anyway."*

**- Earl Nightingale** - American Radio Speaker and Author

and have done so for the past 22 years. She speaks of them lovingly as, "millennials who work hard, help pay the rent, and take care of their mom the very best they possibly can." It is quite clear during the time that I got to interview Dee of the love that she has in her heart for her sons. They are her world.

When they all get the opportunity to take a vacation together, you will most likely find them in the local San Bernardino Mountains ... Green Valley Lake is one of their favorite vacations spots and has been her favorite go-to place for over 40 years. This year they're renting a home in Crestline and are super excited to escape the bustle of the daily activities. Believe it or not, Dee is a seasoned Fisherwoman who loves to relax on the lake and catch fish with the boys.

If you're looking to find her dining-out on occasion, her absolute favorite restaurant to hit is Wind & Sea in Dana Point. Salmon is her top favorite dish, and Mexican food comes in at a very close second. Dee's got an awesome group of 6 girlfriends whom she has known since *elementary school* who get together at least once a month for a night of dancing. The spot: The Starting Gate in Los Alamitos.

Another fun fact that you might not know: Dee *loves* to dance. On a typical weekend Friday night she will turn up some Mama's and The Papa's or some other legendary 60's band and cut a rug. Solo or with friends, it doesn't matter. "The boys are working on Friday nights so it's the perfect time for me to have 'me' time..." she explains. "I love it!"

Bringing it back home, we are all grateful that Dee Anna works as hard as she does for all of us on a daily basis. She is the first person you see when you get out of the elevator in the morning and the last one you see when you leave for the evening. She gracefully handles all of the messengers, UPS, FedEx, etc, etc, etc, folks that come through the door all day long - and consistently, it is clear, that they ALL love to spend as much time as they're allowed catching up with her and the activities of our business every single day.

Thank you, Dee Anna and congrats! We appreciate you!
