Ticor Title Employee of the Month

CARMINA GOMEZ

Carmina found her way into the Escrow Business almost 15 years ago. She got her start while she was still in college and looking to earn money while she was in school. She applied for a job at an Escrow company, and was quickly hired as a technician.

“Opening orders, checking prelims, the dirty work is essentially what they hired me to do. I was young so it worked for me at the time!” explains Carmina.

After working with her first company for nearly 5 years, she was introduced to and quickly hired by our own, Tony Trikas. Tony had an immediate belief in Carmina’s ability to grow and she quickly became a full time Escrow Officer at this point. She’s been with Tony and Team for the past 10 years. For those who didn’t know, Tony Trikas and Carmina joined the Ticor Family at the same time, together with Stefani Jackson and Jennifer Chavez.

Congratulations

Trinity Alexander ...

celebrating **15 years** with Ticor Title!! Thank you Trinity for all of your years of dedication! Our phones and Customer Service wouldn't be the same without you ... we appreciate you!

October Quote of the Month

In September alone, Carmina opened 330 orders!

Long hours and dedication are just part of the reason she was chosen for employee of the month. Along with her great work ethic and 'no complaints' demeanor, Carmina was a clear choice for Ticor this month!

When Carmina isn't working, you'll find her spending time with her amazing family – Rene, her husband, and their two boys, Angel and Sebastian. The Gomez's call the town of South Gate their home and Carmina has lived there for most of her life. Both of her boys are in High School, and her younger son Sebastian is into music and band. He is a talented musician and plays the trumpet, flute and violin. Angel, a Senior, is an artist and is into animation and drawing. He wants to go to college to hone his artistic skills.

Carmina and Rene have been married for 17 years and have together made it very important to raise their children to be able to be self-sufficient and make their own choices. They both place a great importance on family and have family dinners at least 1-2 nights per week. Carmina's favorite spot to grab a special dinner with the family is the Texas Roadhouse in Corona. Favorite spot for a vacation is Las Vegas.

We want to thank Carmina again for her hard work and dedication and congratulate her on being our Employee of the Month! **Congratulations Carmina!**
